Dear Dr. Shandling:

Re: Laboratory Licence No. 4194

Your application to renew a regular licence has been assessed and a new licence is attached.

This licence is issued subject to your compliance with the provisions of the *Laboratory and Specimen Collection Centre Licensing Act (Act)* and Ontario Regulation 682.

These provisions permit your laboratory to perform only those tests authorized by the licence. You must submit to examinations of proficiency for each licensed test as specified by the designated proficiency testing agency for as long as the test remains on your licence. A request for approval must be submitted to the Laboratory Licensing and Inspection Service regarding any changes to the service testing menu relating to temporary suspension or the proposed addition of any test or class of tests. In addition, the Laboratory Licensing and Inspection Service should be informed of your intention to discontinue the on-site performance of any test or class of tests.

Please notify this office of any changes to the laboratory director or supervisor positions.

Section 16(3) of the Act states that the Laboratory Licensing and Inspection Service may inspect your laboratories at all reasonable times to ensure that the owner/operator is complying with the requirements of the Act and Regulations.

Dr. M. Shandling

Please ensure that all laboratory staff are made aware of the provisions of the legislation and the required communications.

Thank you for your co-operation.

Sincerely,
