

Hand Hygiene Research Study

Are you a healthcare worker at Mount Sinai Hospital?
Would you like to volunteer one hour of your time to help us understand hand hygiene in the hospital?

14 focus group sessions will be held at Mount Sinai over the next 3 months

Your participation will help evaluate hand hygiene programs and protect ourselves and our patients from infection

If you would like to attend a 1-hour focus group with your fellow healthcare workers please contact

Ms. Gomana Youssef, Project Coordinator, at gyoussef@mtsinaion.ca or 416-586-4800 ext. 2767

For information contact Ms. Gomana Youssef or Dr. Allison McGeer (PI), or visit our website at <http://microbiology.mtsinaion.ca>
